Inclement Weather

In the event of inclement weather during the week of mid-term exams the exams/review scheduled for that day would simply be moved to the next day. For example, if we close for snow on Monday, January 25th Review Day would take place on Tuesday, January 26th and periods 1, 5 and 6 exams would take place on Wednesday, January 27th and so on. If school is going to be closed due to the weather the information will be posted on our web site or you can call 769-INFO

The second semester begins on Monday, February 1st. Make-up exams will be administered on Monday, February 1st and Tuesday, February 2nd. We will hire a substitute to administer the exams as we did last year.
