

MARKET DAY

Market Day is a monthly food fundraiser for our schools. The cost is reasonable and the food is delicious. The cost is about the same as grocery stores, except the food is restaurant quality. So, you can buy food and help out the district at the same time. **The money raised will help in our classrooms, help pay for programs, and other items our schools may need.** If you have tried Market Day, thank you, if you haven't, please give us a try. Thank You.
